

Leadership 2.0 for Division Directors

Leadership 2.0 for Division Directors is an intimate leadership experience designed to help **ACIS** division directors explore the challenges, hopes, and strategies of leading amidst change. The experience will be facilitated by Ross Wehner, Founder of World Leadership School, and based on his experience helping leaders ground themselves in clarity of purpose and other key tools. Along the way, we will be guided by the stories from past and present division directors at ACIS schools. This will be a small group experience that will include time for reflection, sharing, insight, and laughter. This hybrid experience is designed to fit within the workweek and address key needs of school leaders now.

Ross Wehner is a writer, teacher, and social entrepreneur who is Founder of World Leadership School, which helps schools bring purpose to learning. Ross also co-founded the nonprofit TeachUNITED, which works to transform learning at rural schools around the world. Ross' presentation was the best I have seen at any of our head of school conferences. His content, format, pacing and tone were all quite amazing. He is a force of good.
