## Workshop Description

Making our schools safe from cyber attacks and identity theft can seem like a never-ending concern, especially as cybersecurity concerns for schools have only increased in recent years. To help provide you with resources to keep your school safer against these threats, the Association of Colorado Independent Schools proud to partner with the Association of Technology Leaders in Independent Schools (ATLIS) for the Fall 2023 Cybersecurity 101 Workshop.

This 5-hour workshop over 2 consecutive Fridays (Oct. 27 and Nov. 14) provides a framework for building a cyber safety team and practical steps to build a culture of cyber awareness and safe practices for independent schools.

**October 27:** 12:00 pm - 2:30 pm Mountain

**November 3:** 12:00 pm - 2:30 pm Mountain
