Tuesday, February 25, 2025

9:00 MDT-11:00 AM

VIA ZOOM

Our Speaker : Kinette Richards

During the current climate of attack on DEI work, it is critical to stay engaged and committed to the task of uplifting others, especially marginalized voices, as we pursue justice for all. In this session, attendees will engage in active self reflection about their purpose and commitment to equity work, and consider ways in which they may need to pivot to keep this work alive.
