

## Developing Your School Safety Plan WORKSHOP

**October 28, 2021 | 8:00 a.m. - 3:30 p.m. | Aspen Academy**

### About the Workshop

This engaging workshop is designed for all school administrators and employees with responsibility for developing, overseeing, and/or implementing your school safety plan. The objectives are to:

- (1) Provide participants with a thorough understanding of the critical elements of a comprehensive school safety plan.
- (2) Learn from firsthand experiences about how an independent school can successfully approach plan development, management, and implementation.
- (3) Provide participants with a practical plan template to be used by individual schools to develop a tailored plan.
- (4) Begin (and possibly even complete) your individual plan with assistance and guidance from school safety experts. Work will also be organized by school size and region.
- (5) Share thoughts and questions with fellow ACIS colleagues around this most important topic.

Participants will receive an editable plan template for their own use as well as other resources and links to support this work. Lunch will be provided.
