

NEW Parent Education Series

Registration is now open!

ACIS is excited to again partner with the Independent Schools Association of the Central States (ISACS) for the 2026-2027 Parent Series—a 6-one-hour webinar series focused on various parenting topics. We know you will find these topics to be compelling and significantly important to your school and to parents as they continue to learn from leading experts in the fields of education, parenting, and child development. We hope the parents in your school see this resource as one of the many benefits of belonging to your school community, as well as ACIS. Many educators have also participated!

NOTE—This is a separate offering from our ACIS PD Series for school employees and trustees and requires a separate registration.

Parents & caregivers, we hope you will join other independent school parents for the six evening webinars led by a celebrated team of experts to help you support and guide your children in all areas of their development. We look forward to learning right along with you!
